Sunlight film productions we are indigenous company registered under KIAMO developments (u) ltd with objectives including film production, entertainment, events planning, marketing services, and others intended to create room for sustainability and the development of the marginalized youths within its locality.

OUR MISSION

To educate, entertain, and create jobs for the young talented youth. Through our movie scripts, we inform real issues affecting young people and their communities and through involving the young people to act or portray these characters, we believe will not only inform them of these issues but also inform their peers.

OUR VISSION

To be a leading film production company that inspires and educates Uganda youths through film. And through our films, we work towards engaging communities and young people by showcasing and employing talent and through telling stories of home, peace, love and unity. We hope that our work can empower and drive our youth on to international stages for their roles.
